eBay Inc. is a global commerce leader that connects millions of buyers and sellers around the world. We exist to enable economic opportunity for individuals, entrepreneurs, businesses, and organizations of all sizes. eBay’s strategic vision is to become the best global marketplace for buyers and sellers through a tech-led reimagination of the company. Looking for a purpose-driven company that puts the customer at the heart of everything? A culture that encourages people to think big and be curious, to act with urgency and integrity, and to be fearlessly inclusive? That’s who we are. If this sounds compelling, join eBay!

We are offering six-month internships, starting on October 1st, 2021
In our departments based out of Bern and partnering with teams across many locations around the globe

1) As an Intern in FP&A, you will:
   • Be part of the Finance team responsible for the France & Italy region
   • Be involved in core Financial Planning & Analysis activities forecasting, reporting, finance operations, etc.
   • Support expense processes, helping to better track and forecast transaction losses
   • Learn about how expenses are managed within a P&L, how to ensure that company policies are adhered to, and how good expense management can help drive better business investments

2) As an Intern in Analytics, you will:
   • Be part of eBay’s Global Analytics organization, partnering with stakeholders in the US, EU, and APAC
   • Use statistical analysis, hypothesis testing & machine learning to extract key insights and package them into appealing presentations linking with actionable recommendations
   • Learn a rich set of analytic methods, hone your skills with industry best practices, discuss and analytically defend your insights, and influence decision making

3) As an Intern in Business Performance, you will:
   • Be part of the Global Business Performance team
   • Report and analyze trends in global metrics and their drivers (i.e. competition, economy, and pandemic-related drivers) to give actionable recommendations to the business
   • Develop and improve forecasting tools and reports, and support weekly reporting processes
   • Support the data science team that develops a model predicting future outcomes on key metrics

4) As an Intern in Controlling, you will:
   • Be part of the European Controlling organization (revenue and operation controlling team)
   • Partner with several teams across many locations (including Switzerland, London, Berlin, Paris and San Jose)
   • Assist with daily controlling activities (revenue, expenses) and monthly close processes
   • Support the team in the various projects as improving the reporting tools (SAP and Excel), formalizing process documentation, and preparing documentation to comply with new international requirements

Requirements:
   • Available for a 6-month full-time internship in Bern (40 hours per week), starting in October
   • Be eligible to work in Switzerland (non-EU/EFTA citizens: please provide a copy of your work permit)
   • Master student or graduate in a relevant field
   • Very good command of spoken and written English
   • Ability to work independently and collaboratively with multiple teams located in different regions
   • Strong Microsoft Excel skills
   • Excellent communication and presentation skills
   • Database querying skills and knowledge of SAP systems are considered a plus
   • In addition, positions 2) Analytics and 3) Business Performance require specific skills: Expert in Excel Programming, Moderate knowledge of Time-series analysis and SQL; R and Python a plus

Interested? Please send your application (in English) by August 22nd to internships_ch@ebay.com and do not forget to mention which position(s) you are interested in!
