If you are interested in joining a purpose driven community that is dedicated to shaping the future of global commerce and creating an ambitious and inclusive workplace, join eBay - a company you can be proud to be a part of. Across the globe, eBay boasts a community of over 220 million registered buyers and sellers. At any given time, more than 105 million items are listed for sale on eBay sites across the world.

We are offering six-month internships, starting in April 2020
In our departments based out of Bern and partnering with teams across many locations in Europe and California

1) As an Intern in Finance, you will:
   • Be involved in core FP&A activities (forecasting, reporting and finance operations)
   • Monitor business health, deliver insightful weekly performance updates, challenge reported metrics
   • Work on performance measurement (actual vs goal, impact from marketing campaigns...)
   • Deliver analytical projects (e.g. seller segmentation, monetization modeling) leveraging large datasets

2) As an Intern in Accounting, you will:
   • Support the daily activities of the Shared Services Center responsible for the accounting for 50 entities
   • Assist in the preparation of audit requests
   • Maintain internal databases, as well as digital and physical financial records
   • Participate in the monthly close process and the preparation of financial statements

3) As an Intern in Controlling, you will:
   • Support daily controlling activities (revenue, expenses) and monthly close process
   • Develop and improve the reporting and closing tools (SAP, Excel)
   • Formalize process documentation
   • Prepare supporting documentation to comply with new international requirements

4) As an Intern in Data Science, you will:
   • Be part of the Business Performance team who reports and analyses trends in global metrics
   • Develop and test global business performance predictions models
   • Run weekly predictions and communicate the results
   • Build tools to automate the communication and reporting tasks

Requirements:
   • Available for a 6-month full-time internship in Bern (40 hours per week), starting in April
   • Be eligible to work in Switzerland
   • Master student or recent graduate in a relevant field
   • Very good command of spoken and written English
   • Ability to work independently and collaboratively with multiple teams located in different regions
   • Excellent Microsoft Excel skills
   • Excellent communication and presentation skills
   • Database querying skills (Teradata SQL) and knowledge of SAP systems considered a plus
   • In addition, some positions require specific skills:
     • Position 2) and 3): Some knowledge of accounting
     • Position 4): Programming (R, Python, SQL), Time-series analysis and modelling, Machine learning

Interested? Please send your application to internships_ch@ebay.com and do not forget to mention which position(s) you are interested in.
